

Erosion Control and Fire-Safe Landscaping Class

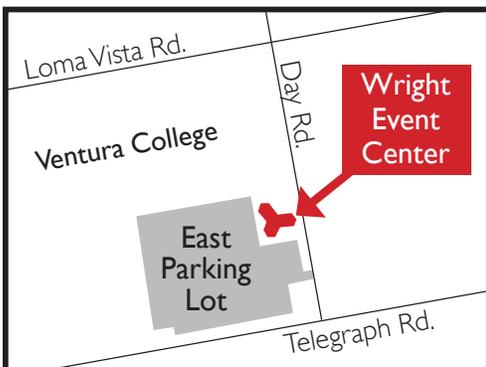

Wednesday, February 7, 2018 • 7-9 pm

**Wright Event Center, Ventura College
4667 Telegraph Road**

Are you concerned erosion and sedimentation may impact your property?

Are you interested in creating a more fire-safe landscape at your home?

This free class will help property owners make informed decisions about erosion and sediment control implementation as well as fire-safe landscape planning post-Thomas Fire. Learn about post-fire best management practices and important factors to consider when managing wildfire impacted landscapes.

Parking:

Parking is available at Ventura College East Lot for \$2. Limited free street parking is available on Day Road and Telegraph. Additional parking available at Ventura College West Lot for \$2.

Featured Speakers:

Rich Casale is a recently retired USDA NRCS employee who served as a NRCS natural resource conservationist for nearly 43 years in California. Rich is a Certified Professional Erosion and Sediment Control Specialist.

Sabrina L. Drill, Ph.D is the natural resources advisor for University of California Cooperative Extension in Los Angeles and Ventura Counties.

In compliance with the Americans with Disabilities Act, if you need assistance to participate in this meeting, please contact City of Ventura Environmental Sustainability at 805-652-4525 or through the California Relay Service.
